PROFESSIONAL SUMMARY

Senior iOS Developer with 9+ years building native and cross-platform apps for international clients. Shipped 30+ apps, including products with 5M+ downloads and 2M+ users. Specializes in Swift, SwiftUI, UIKit, and Objective-C down to the runtime, plus ARKit, Flutter, XCFrameworks, WebSockets, and Fastlane CI/CD. Available from October 2026.

CORE SKILLS

iOS: Swift, Objective-C, SwiftUI, UIKit, Swift Concurrency (async/await), Core Data, SQLite, Keychain, MapKit
Low-Level iOS: Objective-C runtime, method swizzling, non-ARC (MRC) code, private APIs, synthesized touch events
Architecture & Quality: MVVM, Clean Architecture, Dependency Injection, Unit Testing (XCTest), Performance Optimization
Build & Release: xcodebuild, XCFrameworks, Bash, Fastlane, code signing, provisioning, entitlements, App Store Connect
Networking & Services: REST APIs, GraphQL, WebSockets, URLSession, Alamofire, Firebase, Payment Gateways
Flutter & Android: Flutter, Dart, Kotlin, Java, Gradle, adb, logcat
AR & AI: ARKit, SceneKit, CoreML, Vision
Tools: Xcode, Git, JIRA, Azure DevOps (Boards), CocoaPods, Swift Package Manager, Agile/Scrum
Recent Learning: AI-assisted app development and automation

PROFESSIONAL EXPERIENCE

Freelance Senior iOS & Flutter Developer | Krida Bytes | **Oct 2026 - Present**

- Building the NewsKida iOS app in Swift and SwiftUI: news feeds, search, read-aloud, localization, and video reels.

Senior iOS Developer | MindInventory Pvt. Ltd. | **Jul 2018 - Oct 2026**

- Shipped 30+ iOS apps across gaming, food delivery, CRM, healthcare, and education, including apps with 5M+ downloads.
- Cut launch time by 35% and memory use by 25%, profiling with Instruments to fix retain cycles and main-thread stalls.
- Sustained 99%+ crash-free sessions on apps I owned by triaging crashes and shipping root-cause fixes.
- Maintained Objective-C codebases, including legacy non-ARC (manual retain/release) modules, using method swizzling, private APIs, and synthesized touch events.
- Packaged reusable modules as XCFrameworks and static/dynamic libraries with xcodebuild and Bash scripts.
- Managed certificates, provisioning profiles, and entitlements in the Apple Developer portal; automated signing and TestFlight releases with Fastlane CI/CD.
- Led code reviews and mentored junior developers, reducing review turnaround by 40% on MVVM and Clean Architecture code.
- Delivered 2 production Flutter apps to iOS and Android, writing native Kotlin/Java code, configuring Gradle, debugging with adb and logcat, and shipping signed Google Play releases.

iOS Developer | Incipient Info | **Feb 2018 - May 2018**

- Developed the SteelBuddy B2B marketplace with 4 core modules: quotations, inquiries, in-app chat, and push notifications.

Junior iOS Developer | Techrevere Solutions | **Feb 2017 - Feb 2018**

- Built and shipped iOS features for 2 production apps: The Morning Kitchen and CoalShastra.

SELECTED PROJECTS

Bhoj / Bhojdeals | Food & Grocery Delivery, Nepal

- Built food delivery, restaurant discovery, and order management features handling thousands of daily orders for a platform with 5M+ App Store downloads.
- Engineered wallet, payment, maps, and push notification flows for an app that reached 2M+ users, 1M+ installs on Google Play, and a 4.0+ rating (MindInventory case study).

Draw N Guess Multiplayer | Real-Time Multiplayer Game

- Created multiplayer game experiences for an app ecosystem that reached 5M+ installs across iOS and Android.
- Implemented real-time drawing and guessing sync over WebSockets for a game averaging 4.3 from 7K+ App Store ratings.

Spark: AI Friends for Kids | AI Companion App

- Developed iOS features and 3D character model work for an AI companion app averaging 4.6 from 750+ App Store ratings.

CollabCRM | Flutter Business Operating System

- Delivered Flutter features for 6 modules: CRM, projects, recruitment, invoicing, payroll, people management.

Open source: MIARKitExamples (ARKit face tracking, virtual try-on) | ARCarRims (3D car rims in AR)

EDUCATION

MCA, pursued | G H Patel P G Department of Computer Science and Technology | **Jul 2014 - May 2015**

Bachelor of Computer Applications (BCA) | Saurashtra University | **Apr 2011 - Apr 2014**
